

## the night of 3/free styles

Impro for 3/Free styles was created for the Warsaw Dance Night 2007 organized by body/mind foundation.

U/LOI proposed a meeting on the dance floor and experiment of 3/free styles represented by 3/free different dancers: Kaya Kołodziejczyk - ROSAS/freelance contemporary dancer, Aneta Zbrzeźniak - soloist of The National Theatre Ballet and Karol Tymiński - dancer of the Music Theatre ROMA. The presentation allowed the audience to acknowledge the differences, similarities, and balance between the 3 performers, who are dealing with dance as a medium of their expression. The musical background comprised 3 different, superimposed pieces.
